THERE IS ALWAYS SOMETHING FOR WHICH TO BE THANKFUL...

# 30 Days of thanks

BE THANKFUL EVERYDAY.

**Every day, we can find a reason to give thanks! November is my favorite time of year...food, family, friends and time together! But more than that, we should try to find the good in every day...because if you look in the right places, there is always something for which we can be thankful!**

**From something as small as a rainbow on a rainy day to something as big as winning the lottery! (P.S. if you win the lottery, I will send you my contact information right away...)**

**Join me for 30 days of thanks and remind yourself of the things for which you have to be thankful :) Print out as many sheets as you need and drop your gratitude into a jar or container each day. If you need to pull out a reminder on a bad day, my hope is that you can use it to find the good again :)**

**Katherine**
